Energy Efficiency Report

Saint Luke Ministries

05/04/2021

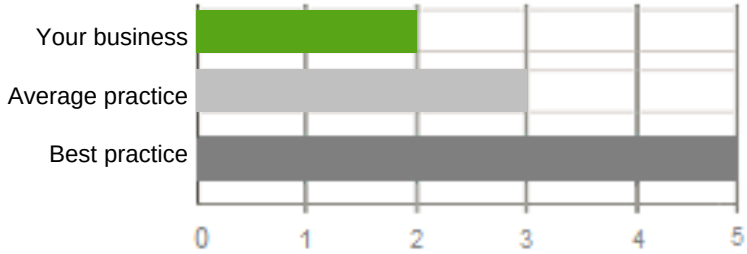
Elisabeth Stampfl estampfl@stlukechicago.org

This energy savings report is customized for your business based on your business sector, size and question responses. It includes a prioritized list of opportunities to reduce your energy costs, benchmarking against similar businesses and potential energy savings to improve your bottom line. It also includes links to financial rebates and free services from Peoples Gas and North Shore Gas.

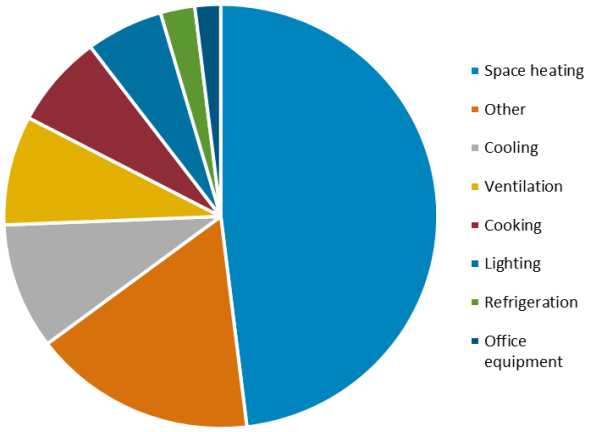
Your estimated gas cost and savings

Estimated annual cost	$17,077
Your potential savings *	$800 to $1,600

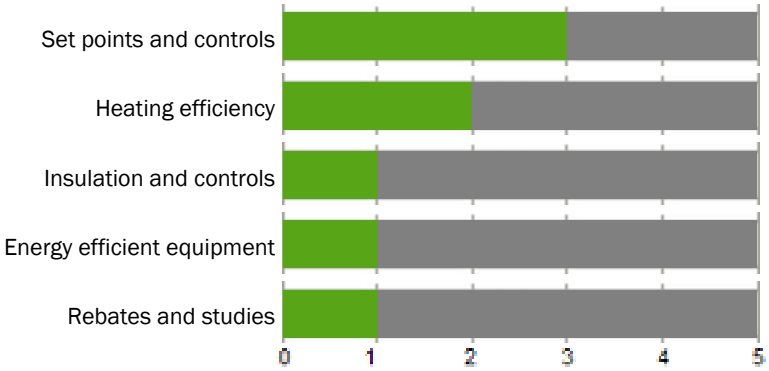
How well are you managing energy?



Typical energy use for your sector



Summary of your results



- Your business
- Best practice

1) A lot of opportunity to save
2) You are on your way but still more work to do
3) Good job - you are off to a great start
4) Better - you are almost there
5) Excellent energy saving practices in place

** This report provides broad indicative estimates, and cost savings only, for similar types of organizations with your rating. It should be noted that a specific site review is required to determine your specific savings opportunities. This range is only provided to give an idea of preliminary scope for savings. Indicative savings are not guaranteed.*

Rebates available

People Gas and North Shore Gas rebates are available. Based on your responses, we have identified the following energy saving opportunities for your business. In each section you will find saving tips and a link for more information. Call **855-849-8928** to speak with a representative or visit Peoples Gas or North Shore Gas for more information.

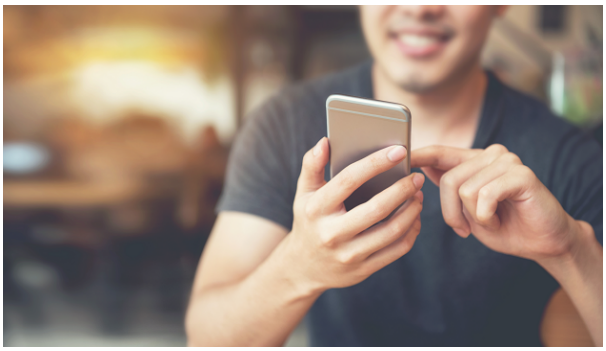
	Rebate available
Steam trap survey Complete a survey of your steam traps to identify leaks and help you save energy. The free survey inspects steam traps, functionality and quantifies the energy losses associated with the inoperable traps. You could receive a rebate of $20 per trap tested.	$20 / trap tested
Equipment upgrades Upgrade your gas equipment to new high efficiency technology. Rebates are available.	Contact advisor
Steam trap repairs Repair or replace leaking or failed to open steam traps and help you save energy. You could receive a rebate of $30-$200 per trap.	$30-$200 / trap
Insulate pipes and fittings Insulate your steam and hot water pipes, pipe fittings and valves, and save energy and money. You could receive a rebate of up to $14 per linear foot (LF.) and $28 per fitting.	Up to $14 / LF. and $28 / fitting
Programmable thermostats Upgrade non-programmable thermostats on your space heating to controls that automatically establish a schedule of temperature set points beyond basic time and temperature data. Rebates of $50 per thermostat are available.	$50 / thermostat

No-cost and low-cost opportunities

Based on your responses, we have identified the following low- and/or no-cost saving opportunities for your business. In each section you will find information on how to save energy. Call **855-849-8928** to speak with a representative or visit Peoples Gas or North Shore Gas for more information.

	Rebate available
No-obligation assessment Receive a free no-obligation assessment from Peoples Gas and North Shore Gas. The assessment will provide you with detailed recommendations to save energy in your business.	Free
Boiler tune-up and insulation Low-cost and no-cost boiler tune-ups, steam traps and pipe insulation are available through Peoples Gas and North Shore Gas.	Low-cost / no-cost
Energy advisor Receive a no-cost, no-obligation assessment with detailed recommendations to save energy in your business.	Free
New steam traps If you have purchased any new steam traps in the last year, you may be eligible for a rebate of $30 per trap if purchased in the current calendar year.	$30 / trap

Next steps



1. Ready to get going today? Visit the Peoples Gas or North Shore Gas website to schedule your in-person assessment.

2. You will be contacted by an Energy Advisor to follow-up on your assessment report.

3. Need a contractor? Call us at 855-849-8928 to help you find a registered Peoples Gas or North Shore Gas contractor to help you get your project started!
